PREAMBLE – INSOLVENCY: ABDICATION OF THE RIGHTS AND DUTIES OF STATES

I give this Notice because the governments and institutions identified in the instruments and exhibits have abdicated the rights and duties of States that they publicly profess to uphold. Those rights and duties include sovereign equality, good-faith performance of public obligations, peaceful and lawful administration, non-intervention, protection of the population, observance of international law, respect for human rights, and the exercise of discretionary public power exclusively for the public interest.

During fifty-three years of trading activity commencing in 1973, I have tested the operation of those stated principles against the conduct of governments, courts, tribunals, regulators, financial institutions and professional record-keepers. The matters giving rise to this Notice have been tested through more than seven hundred proceedings in courts and tribunals in the United Kingdom, Australia and the United States of America, together with the related administrative, regulatory and enforcement processes recorded in the exhibits.

That record establishes that the relevant governments and institutions have repeatedly represented that their powers are exercised to uphold the rule of law, protect the public, protect revenue, prevent financial crime, provide an effective remedy and ensure equal administration of justice, while acting in a manner that produces the reverse result. I have determined that the discrepancy between the stated purpose and the conduct undertaken is not accidental administrative failure, but a continuing abdication and reversal of the rights and duties of States.

I determine that, where Government has not fulfilled its stated common-law and statutory purpose including but not limited to treaty obligations to provide for an effective remedy, the only conclusion available to an independent and fair-minded observer is that Government is saying one thing while doing the reverse. The conduct thereby constitutes fraudulent trading and acts of insolvency under the applicable corporations law and, in the circumstances established by the documentary record, constitutes terrorism financing and money laundering undertaken under the cloak of the misrepresentation that the conduct is necessary to protect the revenue.

I further determine that the public powers, institutions and financial systems concerned have been used to receive, retain, conceal, transfer, administer or protect property and value while obstructing independent investigation, production of records, accounting, adjudication and enforcement. The failure to apply the law equally to government, systemically important institutions and their officers has created practical impunity while preserving the appearance of formal legality.

Government is not entitled to obtain, retain or rely upon revenue, property, advantage or legal consequence produced by its own unlawful conduct, improper purpose, material misrepresentation, obstruction or abuse of public power. It is not entitled to the fruit of the poisonous tree and cannot manufacture the circumstances upon which it then relies to enrich itself, defeat a liability, deny an effective remedy or prevent enforcement.

I make those findings and determinations in the exercise of the hereditary discretionary public powers conferred upon me by the enactments, appointments, licences, security instruments, judgments, defaults, removals, seizures and retentions identified in this Notice and in the wider documentary record. Those powers are exercised by me independently of the institutions whose conduct is in issue and continue through my lawful heirs, successors and assigns according to the terms of the instruments relied upon.

The prolonged abdication of the rights and duties of States, the exhaustion of conventional remedies over the course of the proceedings and experience described above, and the continuing necessity to preserve, administer and enforce the affected rights, powers, property, obligations and public interests have led directly to the giving of this Notice of Succession of States.

A. ADDRESSEES, FILING AND PURPOSE

1. This Notice is prepared for lodgment in HCMP 1855/2022 and HCAL-1179-2026 in the Court of First Instance of the High Court of the Hong Kong Special Administrative Region and for concurrent international communication, subject to the directions of the Court and applicable law.

2. For the United Nations depositary function, the Notice is addressed to the Secretary-General of the United Nations, care of the Treaty Section, Office of Legal Affairs, United Nations, 2 UN Plaza - 323 East 44th Street, Room DC2-0501, New York, NY 10017, United States of America. email: treatysection@un.org
3. For Security Council attention, the Notice is addressed to the President of the United Nations Security Council, care of the Security Council Secretariat Branch, Security Council Affairs Division, United Nations Headquarters, 405 East 42nd Street, New York, NY 10017, United States of America; email: dppa-scsb3@un.org ; telephone: +1 212 963 5258.
4. **I rely upon a continuous documentary programme comprising: originating proceedings; notice and default; crystallisation, seizure and retention; removal; commencement and service of HCMP 1855/2022; succession and treaty communication; Hong Kong redomiciliation and tax administration; identification and relocation of value; New CIES certification; HCAL 1179/2026; and deployment through the Andrew Garrett Family Office, OenoViva, OenoViva Capital Resources, Better World Future Fund and The Pearl Global Showcase.**
5. The documents are relied upon as a single chain of decision, notice, service, implementation, accounting, enforcement, certification and deployment, rather than as disconnected categories of evidence.

B. PERSON GIVING NOTICE, CAPACITY AND CONTINUITY

6. **I, Andrew Morton Garrett, give this Notice in the offices, appointments, capacities and licensing functions recorded in the instruments and proceedings identified in the Schedule of Exhibits.**
7. **I give notice that the rights, powers, licences, offices, interests, duties and responsibilities relied upon continue according to their terms through me and my lawful heirs, successors and assigns.**
8. **I give notice that the global seat of the Crown authority administered under the instruments relied upon is ambulatory and is situated wherever I, or the lawful heir, successor or assign through whom that authority is then administered, am personally present and exercising the relevant office, licensing, controlling and enforcement functions.**
9. **Hong Kong is not the original source of that authority. It is the jurisdiction in which I propose to establish my personal domicile and the principal territorial base for the Family Office, primary tax administration, treasury, custody, professional verification, judicial enforcement, licensing administration, commercial implementation and public-benefit programme.**

C. BASIS FOR PROPOSED DOMICILE AND INDEPENDENT REGULATION

10. **I propose to establish my domicile in Hong Kong because the evidentiary record upon which I rely describes continuing human-rights violations, denial of an effective remedy, institutional conflicts of interest, interference with judicial and administrative processes including my attempts to relocate to Hong Kong commencing 18th May 2016, and failures of independent supervision within Australian and associated Crown institutions.**
11. **My position is that regulation by institutions whose conduct, officers, beneficiaries or delegated powers are themselves in issue is self-regulation and mis-regulation rather than independent regulation.**
12. **I rely upon my position as creditor, liquidator, managing controller, source, licensor and controlling authority of the relevant Crown powers as establishing an independent regulatory and enforcement function capable of investigating misuse, preserving and compelling records, restraining unauthorised exercises of power, administering the appointments and providing an effective remedy.**
13. **My proposed Hong Kong domicile does not displace the ambulatory global seat of authority. It provides the principal legal, tax, treasury, custody, family-office and operating base from which I, and in due course my heirs, successors and assigns, will administer the continuing structure.**

D. PRIOR COLORADO PROCEEDINGS AND DEFAULT

14. The relevant proceedings in the United States District Court for the District of Colorado include Case Nos.
 - 1:22-cv-00173-DDD-STV: *Garrett [sic.] et al v Garrett [sic.] et al*

- 1:22-cv-00206-DDD-STV; *Garrett [sic.] et al v Bankrupt Estate of Jersey Green AND Esch et al v CarbonHelix*
- 1:22-cv-00243-GPG / DDD-STV; *Garrett v Secretary General and Secretariat of the United Nations & Anor*, and
- 1:22-cv-00254-DDD-STV; *Garrett et al v Suntory Holdings Limited (Managing Controller Appointed)*.

15. Case No. 1:22-cv-00243 named the Secretary-General and Secretariat of the United Nations and placed the United Nations on notice of the matters pleaded and relief sought.
16. Australia, the United Kingdom and relevant Commonwealth institutions, the United States of America and the United Nations were served or otherwise placed on notice in the manner recorded in the originating process, notices, certificates, correspondence and related exhibits.
17. No appearance or substantive contradicting evidence is recorded as having been filed by those entities in response to the matters relied upon in the removal and enforcement instruments.
18. The resulting defaults, non-contestation and absence of a contradictor are relied upon as producing the consequences recorded in the exhibits, including crystallisation, seizure, retention, appointment, removal and enforcement.

E. SEVENTH AND EIGHTH ENACTMENTS

19. On 16 April 2022, the Seventh Enactment took effect according to its terms as the instrument recording the seizure and retention of United Nations powers and related collateral.
20. The Seventh Enactment was placed in the Colorado federal court record as part of Case No. 1:22-cv-00254-DDD-STV, Document 13-9, filed 18 April 2022.
21. On 11 May 2022, the Eighth Enactment, SN 1.00310.22, recorded the crystallisation, seizure and retention of the powers, property, collateral and governmental interests of the United States of America identified in that instrument, together with the appointment and enforcement powers stated in it.
22. The Seventh and Eighth Enactments form part of the same continuous enforcement sequence as the Colorado proceedings, the Notices of Removal and the later continuation of those matters in HCMP 1855/2022.
23. **The seizures and retentions recorded in those instruments have not been contested, discharged, revoked, restrained or set aside by any person or by any competent final order known to me.**

F. REMOVAL FOR ENFORCEMENT

24. The Notice of Removal dated 14 May 2022, Third Notice of Removal dated 17 May 2022, Fifth Notice of Removal dated 25 May 2022 and Amended Fifth Notice of Removal dated 28 May 2022 form a continuous record of removal, default, crystallisation, seizure, retention and enforcement.
25. As a consequence of the defaults of Australia, the United Kingdom and relevant Commonwealth institutions, the United States of America and the United Nations, the proceedings were removed from the Colorado forum for enforcement.
26. The removed proceedings and their subject matter were brought before the Court of First Instance by the sealed ex parte originating summons filed on 11 November 2022 as HCMP 1855/2022, exhibited as AMG 5857.
27. AMG 5858 records transmission, circulation and service of the filed Hong Kong process, including notice to affected governments, institutions, officers and persons and invitations to persons claiming standing to intervene or make submissions.
28. HCMP 1855/2022 is relied upon as the receiving proceeding for recognition, possession, control, administration and enforcement of the judgments, findings, orders, appointments, seizures, retentions, security interests, collateral, estates, entities and consequential rights recorded in the exhibits.
29. The purpose of this Notice is not to invite a rehearing of the merits but to give formal notice of the completed procedural history and seek recognition, case-management directions, circulation and implementation of its consequences.

G. RES JUDICATA, ISSUE ESTOPPEL AND ESTOPPEL BY RECORD

30. The matters were placed before affected persons and institutions with an opportunity to appear, answer, dispute, seek relief or invoke any available jurisdictional or immunity objection.
31. No substantive contest is recorded as having been made by Australia, the United Kingdom and relevant Commonwealth institutions, the United States of America or the United Nations in respect of the matters relied upon in the instruments listed in the Schedule of Exhibits.
32. **I rely upon res judicata, cause-of-action estoppel, issue estoppel, estoppel by record, estoppel by convention, waiver, acquiescence and abuse-of-process restraint as precluding collateral re-litigation of matters concluded or left uncontested in the proceedings.**
33. The absence of any competent final order expressly setting aside or discharging the relevant instruments is relied upon as confirming that the acts recorded in them remain operative according to their terms.

H. NOTICE OF SUCCESSION AND INTERNATIONAL COMMUNICATION

34. Notice is given, subject to the directions and determination of the Honourable High Court of Hong Kong and without prejudice to any diplomatic or depositary formality, of the succession, continuity and transfer of international responsibility recorded in the primary instruments.
35. The international-law materials relied upon include the Vienna Convention on the Law of Treaties 1969, the Vienna Convention on Succession of States in Respect of Treaties 1978 and the treaty schedule and supporting materials identified in AMG 9684 and as otherwise disclosed in the Public Interest Disclosure Drive at the address in the cloud; <https://1drv.ms/f/c/13ebd865c7415cd4/IgDUXEHHZdjrIIATrzYAAAAAXmTvYhfqIST2s4c0k-luMI?e=JFrAqi>

36. The Secretary-General is requested to receive the Notice, allocate an official reference, refer it to the Treaty Section and Office of Legal Affairs, preserve it as an official communication and identify any further depositary or authentication requirements for recording the succession and treaty consequences notified.
37. The President of the Security Council is requested to bring this Notice and its exhibits to the attention of Council members and arrange circulation in accordance with applicable Security Council procedure.
38. The Secretary-General and President of the Security Council are requested to acknowledge the prior proceedings, defaults, completed seizures and retentions, removal and continuation for enforcement in HCMP 1855/2022 and as a matter arising within HCAL-1179-2026 related to production of records.

I. HONG KONG RELOCATION AND REDOMICILIATION

39. The Hong Kong relocation is stated not to have originated with the July 2026 Masterplan. The materials record a relocation resolution made in 2016 and a progressive programme of transferring primary tax jurisdiction, management, trustee control, financial administration, records, instruments, personnel and value to Hong Kong.

40. AMG 8571, dated 2 February 2025, records the formal proposal to the Chief Executive for relocation of global financial operations and primary tax jurisdiction, transfer of accounts and instruments to Hong Kong administration, relocation of personnel and establishment of the Hong Kong operating base.
41. AMG 8859, dated 11 May 2025, records attempted implementation of that programme, including instructions for transfer of tax files of related entities, proposed currency conversion and transfer of identified value, use of the Hong Kong trustee structure and the proposed role of the Hong Kong Monetary Authority.
42. AMG 9338, dated 2 January 2026, is the consolidated executive and regulatory submission seeking safe-harbour recognition, confirmation of primary tax jurisdiction under TFM 81788, regulatory onboarding, cross-agency coordination and safeguarding of value redomiciled from Australia.
43. The entity and legacy-identifier schedules are relied upon as mapping and consolidating the related entities, tax files and residual value beneath the Hong Kong administration identified by TFM 81788.

J. IDENTIFIED VALUE AND NEW CIES CERTIFICATION

44. The value proposed for Hong Kong administration is identified in the materials as accumulated, traced and administered balance-sheet, trust, corporate, intellectual-property, contractual, commercial, receivable, recovery, custody, securities, tax, land-rights, licensing, brand and related-entity value recorded in AMG 9477, AMG 9510, AMG 9673 and supporting exhibits.
45. AMG 9477 Tabs 1-18 form the organised New CIES, source-of-value, custody, accounting, tax, trust, instrument, court and transaction dossier presented for Hong Kong assessment and professional certification.
46. AMG 9510 consolidates the group structure, entities, interests and asset position for the Hong Kong presentation.
47. The value further includes the entities, appointments, rights, interests and collateral the subject of HCMP 1855/2022 and HCAL 1179/2026 and the future operating platforms identified in the Masterplan.
48. **My New CIES application bears Transaction Reference IHK0010JMCKT9T09 and required a fulfilment document issued by a Hong Kong CPA (Practising), supported by records necessary to demonstrate my net asset position.**
49. **I was unable to obtain a suitably qualified Hong Kong-domiciled accountant willing and able to accept the engagement and certify the value without production and reconciliation of records held by professional record-keepers, courts, regulators, counterparties and governmental bodies and will request the court to order Price Waterhouse Coopers to undertake CPA compliance and/or dispense with necessity under the New CIES Rules.**

K. HCAL 1179/2026 AND COORDINATED CASE MANAGEMENT

50. HCAL 1179/2026 was commenced in the Constitutional and Administrative Law List in support of, and as a proceeding related to, HCMP 1855/2022.
51. HCAL 1179/2026 addresses the administrative pathway, decisional record, production of primary records and judicial directions required to permit certification and regulated treatment in Hong Kong of the already identified value.
52. HCMP 1855/2022 concerns the asserted historical source, ownership, control, appointments, seizures, retentions, records, treaty consequences and administration of the relevant value; HCAL 1179/2026 concerns the practical Hong Kong pathway by which that value may be independently examined, certified, admitted to New CIES, relocated, invested and administered.
53. The two proceedings arise from the same factual, evidentiary and value-relocation matrix and are proposed to be heard together or managed under coordinated directions.
54. On 18 July 2026, the proposed HCMP notices and related materials were forwarded to the Registrar and the parties in HCAL 1179/2026 for administrative commentary before lodgment with the Registry.

L. FAMILY OFFICE, OENOVIVA AND THE PEARL GLOBAL SHOWCASE

55. AMG 9673 is the consolidated government-facing explanation of the architecture and connects the relocation resolution, trust and Family Office structure, source and continuity of value, Hong Kong tax administration, New CIES dossier, HCMP enforcement, HCAL certification, OenoViva licensing and public-benefit deployment.
56. The Andrew Garrett Family Office is the governance, ownership and intergenerational continuity architecture. OenoViva Capital Resources is the principal capital, accounting and treasury-administration point. OenoViva is the government and trading-partner-facing business and licensing system. OenoViva Artisans and OenoViva Hand Crafting are the consumer-facing and craft-production systems.
57. The Pearl is not identified as the source or ambulatory seat of Crown authority. It is the proposed Hong Kong flagship showcase and physical proof-of-system for the value, intellectual property, business systems, public-benefit architecture and operating entities administered through the Family Office.
58. The Pearl proposal suite comprises the Island Side vertical harbour city and headquarters functions; Urban Winery and Hospitality Space; Global Glasshouses; Aquarium and Submerged Marine Harbour Experience; Kowloon Side repository, data and vault infrastructure; Dragonhead production and visitor facilities; The Vault; and the Pearl Skyway.
59. The Pearl materials are relied upon as the physical deployment plan for the relocated value: headquarters, financial administration, intellectual-property deployment, production, hospitality, tourism, conservation, education, data, custody, infrastructure and public benefit.

M. PRIOR CIRCULATION FOR ADMINISTRATIVE COMMENTARY

60. **Before formal lodgment, I circulated AMG 9633k, AMG 9633l, AMG 9679, AMG 9680, AMG 9681, AMG 9684, this Notice, the proposed exhibit schedule and supporting materials to the Registrar and the parties and proposed interested parties in HCAL 1179/2026.**
61. The circulation was undertaken to identify any administrative issue concerning form, filing, allocation, status of the HCMP Court file, coordinated management, service, treatment of international organisations, exhibit indexing and conformity with the sealed record.
62. The request for administrative commentary did not invite determination of the substantive merits of the succession, removal, seizure, treaty or enforcement issues.
63. **I reserve the right to amend the documents in response to administrative commentary without abandoning or prejudicing any substantive position recorded in the notices and supporting materials.**

N. RELIEF AND DIRECTIONS REQUESTED

- a. Receive and place this Notice and its schedules upon the record of HCMP 1855/2022.
- b. Direct the manner of filing, service and international communication of the Notice.
- c. Restore, reopen and list HCMP 1855/2022 and give directions for coordinated case management with HCAL 1179/2026.
- d. Preserve and require production of the Court, governmental, regulatory, professional, tax, banking, accounting, trust, corporate and transaction records necessary to administer and certify the identified value.
- e. Give directions concerning the treaty schedule, depositary communications, party constitution, representative treatment, service and international notice.
- f. Give such recognition, enforcement, possession, control, administration, accounting, custody, valuation and consequential orders as the Court considers lawful.
- g. Record the relationship between the succession notice, the Hong Kong relocation programme, New CIES certification and The Pearl Global Showcase.
- h. Direct that communications from the United Nations, Member States and affected institutions identify HCMP 1855/2022 and be preserved on the Court record.
- i. Control of the Reserve Bank of Australia and the Bank of England Servers.

j. Control of the Global Servers of the United Nations.

P. DOCUMENT CONTROL AND DUE DILIGENCE

64. The exhibit schedule is a filing and referral index. It does not replace the original, complete, executed, sealed or court-stamped version of any exhibit.
65. Before external reliance, each exhibit should be checked for completeness, authenticity, execution, filing, service, current legal status, independent confirmation, ownership, valuation date and any outstanding verification identified in the Due Diligence OCR / Document Recognition Register.
66. Duplicate Library copies should not be reproduced more than once unless they are materially different versions. The filed bundle should use continuous pagination and an index stating the AMG reference, date, page range, seal or filing status and service status.

Q. EXECUTION

67. I, Andrew Morton Garrett, give this Notice in the capacities recorded in the exhibited instruments and proceedings, for myself and the continuing administration through my lawful heirs, successors and assigns.
68. I certify that the Schedule of Exhibits identifies the principal documents presently relied upon, subject to conformity of titles, dates, seals, service details and Registry references with the original documents.
